

To Whom It May Concern,

I am pleased to recommend C & L Sanitation for their outstanding service and support provided during the Juliet Solar project located in Weston, Ohio.

Throughout the duration of the project, Kyle consistently demonstrated professionalism, reliability, and a strong commitment to meeting project needs. They supplied all required jobsite signage in a timely manner, ensuring the site remained organized, compliant, and properly equipped at all times.

In addition to signage support, they also managed all water service and plumbing needs for the project. Their responsiveness, attention to detail, and ability to coordinate services efficiently contributed greatly to the overall success and smooth operation of the jobsite.

Kyle and C & L Sanitation proved to be a dependable vendor who took pride in their work and delivered quality service from start to finish. I would confidently recommend them for future projects and look forward to working with them again.

Sincerely,

Michael Kern, Construction Manager
